Last month, we held a badge week to celebrate all our amazing swimmers, from puffin awards all the way to 3000m distance achievements.

Our swim teachers loved celebrating each child's progress and seeing so many happy faces! A huge well done to all our swimmers, your hard work and determination made the week truly special!

## Polite Reminder About Footwear

To help us keep the pool area clean and safe for everyone, can we politely remind parents and spectators not to wear outdoor footwear on poolside.

Can we also kindly ask all parents/guardians if they wish to watch their children in their lessons to please make sure you are behind the barriers.

At Splash Leisure Pool, we believe learning to swim is one of the most important life skills a child can develop. It builds confidence, supports physical and mental wellbeing, and teaches essential water safety skills that they will use throughout their lives. We are incredibly proud of every individual in our swim school and every milestone they achieve.

Freedom Leisure is a charitable, not-for-profit leisure trust, we reinvest every penny into our centres and local communities to maintain facilities, improve services and support health and wellbeing for all. We continue to face unavoidable cost pressures and to protect the long-term sustainability of all our leisure centres, you will have received information about a price adjustment. We completely understand that this is an important consideration for families and we want to ensure you feel confident in the continued value of our swim school.

At Splash Leisure Pool, our swim school team are passionate, dedicated and committed to creating a safe, happy and supportive environment for children and adults to learn an important life skill. Together, our incredible swim teachers bring over 300 years of combined experience, which is truly demonstrated in the quality of teaching delivered across our swim school.

Learning to swim is not only a life skill, it can also open up many opportunities throughout life, from enjoying water activities like scuba diving, snorkelling, water based sports, to career pathways like being a lifeguard or swim teacher. It all begins with a love for the water and the team at Splash Leisure Pool aim to inspire every swimmer in our swim school, giving them the skills and water confidence for both now and in the future.
